

"I am glad to share my experience with you regarding the Virtual Academic Year. I would like to appreciate the College for the way online classes were conducted during this unexpected situation. It would have never been easy for us to get adapted to new ways of virtual learning without the management by Principal and efforts of teachers and their support.

The best thing about the College was being part of a supportive environment, where everyone is focussed, the support from Principal and staff and you are encouraged to succeed as individuals. So, it's a promise of great experiences with an excellent faculty team and is one of the few colleges which gives importance to students and I am fortunate to be a part of it."
