

I am very happy to be a student of RGR siddhanthi college of education. I want to appreciate the principal and staff members, who has put all their efforts in inculcating and improving the teaching skills and all round development of the the teacher trainees. The lectures are cooperative, hardworking and always ready to guide the students for their best. The management strictly follows the university guidelines and make the students to do so. I have been improved alot in all the aspects like teaching skills, teacher qualities, confidence, mental status, personally, discipline etc under the guidance of RGR. Thanks for the efficient team for helping me in achieving my dream.
